

## **POLICY STATEMENT**

### **ENVIRONMENTAL & SUSTAINABILITY POLICY**

---

Darley Training will control and manage its activities to ensure risks to health and safety and welfare of its employees, customers and the general public are identified and action taken to minimise or eliminate their effects.

Adverse effects of operational activities on the environment will be minimized as far as practicable. We are committed to the process of continual improvement and the prevention of pollution.

Darley Training will also endeavor to integrate the principles of sustainability into its strategies, policies and procedures

#### **The objectives of the policy are:**

- To comply with its legal obligations under the current Health & Safety and Welfare Act and the Environmental Protection act, together with all other applicable statutory provisions and relevant codes of practice.
- To promote health and safety and environmental awareness throughout the organisation.
- To maintain a working environment for its employees. With adequate facilities appropriate to the nature of the business activities.
- To minimise the social impact of the company's activities and avoid damage to the environment through regular reviews of the business from an environmental and management system audit process.
- To undertake environmental impact studies as part of relocation or enlargement of existing facilities.
- To maintain and develop the Company in a sustainable manner
- To develop managers, staff and students by providing training and information on environmental management and sustainability.
